Northrop Grumman Information Systems is a leading global provider of advanced solutions that deliver timely, enabling information to where it is needed most for our military, intelligence, civilian, state and local, and commercial customers.

Our customers look to us for large-scale enterprise solutions. We support commanders who manage far-flung forces via global command, control and communications systems; police and firefighters who will access high-speed data and video over a new broadband wireless network; battlefield commanders who use a tactical Internet to lead their troops; Department of Homeland Security staffers who rely on their classified network infrastructure; intelligence analysts who rely on their systems to get actionable information into the right hands at the right time; missile defense analysts who model and simulate scenarios at the Missile Defense Integration and Operations Center (MDIOC); states, counties and cities who rely on the management of their information infrastructures to deliver responsive services to their citizens; and businesses that adopt new software solutions to make their enterprise processes run more smoothly and efficiently.

Quick Facts About the Sector:

- Headquarters: McLean, Virginia
- President: Kathy Warden
- Annual revenues of approximately \$7.9 billion
- More than 20,000 employees
- Offices in 50 states and 24 countries
